Deliver Hope With An E-Card

Do you recycle lots of Christmas cards? Why not deliver yours digitally this year and donate what you would spend on postage and cut down on waste? By joining our charity campaign, you can download e-cards to send via email or your chosen digital messenger service and help Emmaus deliver change for people building back from homelessness.

Emmaus Glasgow was presented with an award honouring the efforts of volunteers, companions and partners who help deliver our Soup Kitchen at Emmaus National Assembly. The John Thompson Award was received by companions, which recognises acts of solidarity by Emmaus communities and groups from across the UK.

What's Mick Been Making?

Emmaus companion Mick has been busy in our on-site charity workshops, creating new items and repairing and upcycling others that might otherwise go to waste. Recent projects have included reusing and repairing a gazebo and making a bench and barrel pond for St Roch's Football Club, and a book tree for St Joseph's Primary School (who loved this so much they've asked for another!). "Emmaus Glasgow is a place where I can explore ideas and put these into reality. I had so much help from Emmaus when I first came here," Mick said. **You can order bespoke woodwork from Mick at our charity shops, by emailing info@emmausglasgow.org.uk or calling 0141 353 3903.**

Daniel's Story

"Emmaus Glasgow is good. I have learned new skills in woodwork at Emmaus during my time here – working towards a City & Guilds qualification as a cabinet maker – fixing furniture, making new pieces and refurbishing furniture. Upcycling furniture feels great, I learn new skills and meet lots of other people." Daniel shares his personal journey here: emmaus.org.uk/glasgow/story/daniels-story/
