

Emmaus South Wales Risk Assessment for Emmaus South Wales social enterprise post covid-19 lockdown.

This risk assessment has been carried out to ensure risks are minimised when carrying out work duties within the Emmaus Tremains Branch. This risk assessment is active and will be reviewed in line with any changes to government advice or policy.

Hazards Identified	Severity	Control Measures Currently in Place	Likelihood	Score	Rating
	(S)		(L)	(S x L)	
COVID-19	5	Government guidelines will be followed in all instances by all staff, companions and volunteers including washing hands upon arrival to site and regular handwashing or use of sanitiser thereafter.	2	10	Medium
Lack of information, instruction, and training.	5	vance of returning to the workplace all employees, companions and volunteers will have ved training on Covid-19 and measures required to prevent contracting and spreading -19. In addition, all employees will have read this risk assessment and any operating edures to confirm understanding of supplementary control measures required in place in the workplace.		15	Medium
Inadequate personal hygiene	5	Regular use of hand-sanitiser and washing facilities; employees & Volunteers have access to hand sanitiser for use during their time in the store and at regular intervals after touching door handles, light switches and other communal appliances or switches etc.	3	15	High
		Alcohol wipes to be used on door handles and other work surfaces as well as donated stock coming into the store.			
		Hand sanitiser is readily available for use within the store for customer use. All customers will be asked to use hand sanitiser on entry or be provided with gloves to wear.			
		Employees to follow company measures in place for use of toilet facilities which may include 1 in 1 out access.			
Lack of supervision	5	Work areas & tasks planned to avoid any close proximity working.	2	10	Medium
		Store manager to monitor control measures are in place to avoid contracting COVID-19, spreading COVID-19 and appropriate social distancing.			

		Senior management will continually monitor all work activities to ensure continued compliance with control measures required to minimise the risk of contracting Covid-19.			
		Store manager to ensure no equipment is shared/or if required to ensure all work equipment is subject to ongoing cleaning, especially prior to each/after every use.			
Routine store activities (whilst maintaining the 2-metre distance).	5	Store manager to monitor staff/volunteer levels daily to ensure suitable distancing within the store.	3	15	High
		Refrain from physical contact i.e. handshakes in all instances.			
		Break times staggered to reduce contact with store colleagues e.g. within welfare areas etc.			
		Employees should always keep the windows of enclosed spaces open for ventilation and be careful to avoid touching their face.			
		Encourage customers to pay by electronic means to reduce cash payment.			
		Ensure that after every transaction the touch points are thoroughly cleaned.			
		All Employees are reminded whilst at the store, Emmaus Shall:			
		 Maintain high standards of hygiene and ensure enhanced cleaning procedures are implemented particularly in customer/communal areas and at touch points. 			
		 Plan, monitor and maintain all employees working within the store to ensure a safe working distance is maintained. 			
		✓ Stop all non-essential visitors to store.			
		 Use signage to ensure 2-metre distance is maintained to remind employees to follow Covid-19 guidelines. 			
		✓ If the above measures are not in place, employees to liaise with Head of Retail to ensure enough controls in place at all times.			
		If used, all re-usable PPE must be thoroughly cleaned after use and not shared between employees.			
		If used, all single use PPE must be disposed of so that it cannot be reused; this should be double bagged after use and stored for 72 hours. After 72 hours this can be disposed of as normal waste.			
Working within proximity (within 2 metres).	5	Any employees, companions and volunteers required to work within 2-metres of each other (for essential / manual handling activities) will work together in teams (in as small groups as possible) and away from other employees.	3	15	High
		Minimise the frequency and time Employees are within 2-metres of each other. (Noted that this is in circumstances which are essential).			

	1	·			,
		Works to be kept to 15 minutes or less where possible.			
		Employees & Volunteers should work side by side, or facing away from each other, rather than face to face.			
		Regular cleaning in place i.e. common touchpoints, doors, buttons, handles etc.			
		Ventilation increased within enclosed spaces.			
		Employees, companions and volunteers to wash their hands before and after using any equipment.			
		All re-usable PPE must be thoroughly cleaned after use and not shared between Employees.			
		All single use PPE must be disposed of so that it cannot be reused; this should be bagged after use and stored for 72 hours. After 72 hours this can be disposed of as normal waste.			
Deliveries to premises	5	Distancing will be maintained during receipt of deliveries.	2	10	Medium
		Delivery operators shall use their own procedures for receipt of goods etc which shall be followed by the employee whilst maintaining the 2-metre distance.			
		All Emmaus deliveries to be planned in advance to ensure stock can be brought into premises utilising roll containers / cages with minimal contact with staff, companions and volunteers.			
Retail activities	5	Display posters at the entrance to the store	2	10	Medium
		Keep entrance / exit doors open so customers do not need to touch the door. If you have 2 doors, one should be the entrance and one for the exit. If you only have one shop door, the customer leaving the shop MUST be 2m away from the waiting queue so ensure the waiting queue is a safe distance away.			
		Ensure 2 metres is maintained between customers and staff, companions and volunteers.			
		Let people enter the shop only in small groups, to ensure that spaces are not crowded			
		Limit the amount of people in the shop to 17 at any one time in Tremains and 7 at any one time in Caroline Street. This includes Staff, companions, volunteers and visitors.			
		Controlling the entry and exit of customers to limit overcrowding

		Additional supervision to be provided to monitor compliance.			
		Note: Can all stock be handled by one person or be split to allow safe handling by a designated person.			
Travel to work / driving at work	5	Wherever possible employees should travel to the workplace alone or between locations using their own transport.	2	10	Medium

Additional control measures

If a member of staff, companion or volunteer develops a high temperature or a persistent cough while at work, they must:

- o Return home immediately
- Avoid touching anything
- o Cough or sneeze into a tissue and put it in a bin, or if they do not have tissues, cough and sneeze into the crook of their elbow.

They must then follow the guidance on self-isolation and not return to work until their period of self-isolation has been completed.

Senior management must be informed immediately.
