

Reduce your impact on the environment by using SESI refillable cleaning and hygiene products.

Emmaus Suffolk is proud to be a SESI supplier.

All SESI products are vegan.

The SESI factory runs on 100% renewable energy.

All SESI products are cruelty free.

All our products are refillable with 5L and 20L returnable containers.

All SESI products are made in the UK.

Find out more about SESI products by visiting sesi.org.uk

Emmaus Suffolk is a charity which supports people experiencing homelessness, social exclusion and loneliness. Our work is funded through our social enterprises which includes our Community Cafe and pre-loved shops in Ipswich & Felixstowe.

We have sold refillable SESI products in our shops for a number of years and they are incredibly popular with our customers thanks to their low cost and effectiveness, as well as helping to reduce our impact on the environment.

We are so impressed by the quality of these products that we can now offer SESI's professional grade cleaning products to businesses and organisations across Suffolk.

If you are looking to buy packaging free, vegan and cruelty free cleaning and hygiene products at a low cost, while also supporting a Suffolk charity, get in touch!

REFILLABLE, ECO FRIENDLY, PROFESSIONAL CLEANING PRODUCTS

Buy your professional cleaning and hygiene products from Emmaus Suffolk and not only will you reduce your impact on the environment, you'll also be helping to support people across Suffolk.

Professional grade, eco friendly cleaning products

Our SESI Pro range is not for domestic use and is intended for the following sectors: health, care, education, hospitality, catering and building management.

- ✓ Vegan
- ✓ Biodegradable
- ✓ Unscented
- ✓ Residue-free degreasing

Bacterial Hand Soap

A non-perfumed, non tainting hand soap, ideal for use in food preparation areas and general medical environments. Protects hands against hand and food borne infections. Added emollient leaves hands feeling smooth and conditioned. Cleans and sanitises hands in one operation. Complies with BSEN 1276 killing 99.9% germs in 30 seconds including MRSA, Salmonella and E coli. Also complies with BSEN 13727.

Bacterial Hand Dishwash

A low foaming blend of biodegradable detergent and approved bactericide for use in all catering establishments for the effective cleaning and sterilisation of utensils and work surfaces. Complies with BSEN1276 when used at 1% in water 40oC and at contact time of three minutes.

Bacterial Surface Spray

Provides quick, easy cleaning and sanitising for all food preparation surfaces, microwaves, chopping boards, cupboards, fridges and freezers. Ready to use. Non tainting. Food safe. Complies with BS13697 and BSEN1276. Also effective against Salmonella and Listeria. Kills 99.99% of germs in 30 seconds.

Citric Acid Toilet Cleaner

A toilet and urinal cleaner that removes soil, scale and freshens. Formulated from mainly renewable resources, including fruit-based acid. This product has not been tested on animals.

Machine Dishwater Detergent

A non-foaming liquid designed for use in machine dishwashers only through an automatic dosing system. It is suitable for the washing of crockery and cutlery in both hard water and soft water areas. DO NOT USE FOR HAND DISHWASHING.

Window and Glass Cleaner

Provides smear free cleaning for all windows, shower screens and hard surfaces. Fights grease and tough blemishes.

Bacterial Disinfectant

Antibacterial disinfectant cleaner and deodoriser cleans, disinfects and deodorises all in one operation. Designed for routine use in hospitals, nursing homes, clinics, surgeries, kitchens, canteens, shops, hotels, schools and offices; for cleaning and disinfecting floors, walls, paintwork, equipment, sinks, drains, washrooms, lavatories, waste bins. Tested in accordance with the stringent protocol of BSEN1276 at 2% dilution, and a contact time of five minutes.

Hand Sanitising Gel

An alcohol-based hand sanitising gel which sanitises the skin without the need for water. Complies with EU Cosmetic Products Regulation (EC) No 1223/2009. Complies with BSEN1500 Hygienic Hand Rub standard. Conforms to EN 1276 killing 99.999% bacteria within 60 seconds and EN 1476 killing 99.99% enveloped viruses within 60 seconds.
