

EMMAUS NATIONAL ASSEMBLY

2025

SUSTAINABLE FUTURES:
FOR INDIVIDUALS
FOR COMMUNITIES
FOR WIDER SOCIETY

WELCOME TO OUR NATIONAL ASSEMBLY 2025

The Emmaus National Assembly is the biggest annual event in our Federation's calendar, bringing people together from across the UK-wide Emmaus movement.

This two-day gathering presents a unique opportunity for us to celebrate and reflect on our collective work and impact, both nationally and within Emmaus communities, as we unite around our shared commitment to ending homelessness and social exclusion.

The National Assembly is more than just a conference – it's a space for learning, connection, solidarity, and a catalyst for change. Whether you're a companion, staff member, trustee, or passionate advocate, we welcome you, and hope you enjoy our varied programme:

- **Inspiration** from communities showcasing innovative approaches to sustainable futures
- **Learning** through interactive workshops led by experts and practitioners
- **Connection** with people from across the Federation who share your commitment
- **Empowerment** with practical tools and knowledge to take back to your community
- **Celebration** of the incredible achievements across our movement

THIS YEAR'S THEME: **SUSTAINABLE FUTURES**

Against an ever-changing and increasingly challenging social, economic, political and environmental backdrop, we know that more people than ever need the life-changing support an Emmaus community can provide, to empower them to leave homelessness behind.

THAT'S WHY THIS YEAR'S
NATIONAL ASSEMBLY THEME
IS **'SUSTAINABLE FUTURES'.**

SUSTAINABLE FUTURES FOR INDIVIDUALS

Lasting impact for every individual who is part of an Emmaus community

SUSTAINABLE FUTURES FOR COMMUNITIES

Lasting impact to ensure Emmaus communities are here now and secure for the future

SUSTAINABLE FUTURES FOR WIDER SOCIETY

Lasting impact in our wider communities and society, creating connection, hope and action on social injustice

We invite you to explore this theme with us through our exciting programme of interactive workshops, plenary sessions and activities.

Welcome from Emmaus UK Chief Executive

It is once again my pleasure to welcome you to our National Assembly.

We come together this year at a critical time for Emmaus; the latest homelessness figures paint a stark picture – with ever increasing numbers of people experiencing homelessness. At Emmaus, we see the real people behind the numbers; those who are facing painful circumstances and an uncertain future. Right now, thousands are still without a home and a sense of belonging, and the need for what we do has never been greater.

We also look ahead to challenges and opportunities as we await the new Homelessness Strategy and prepare for the biggest change in our sector in a decade with the implementation of the Supported Housing (Regulatory Oversight) Act. The work that takes place in communities every day is truly transformative, and we must work together today to make decisions and take actions that will secure the long-term future of the Emmaus movement in the UK.

The theme of this year's Assembly is **Sustainable Futures** – the question at the heart of this year's event is **how do we work together to do more, in a way that has lasting impact?**

Lasting impact for every individual who finds hope and purpose in an Emmaus community. Lasting impact to ensure our communities are not just surviving, but thriving and secure for the future. And lasting impact in our wider society – creating the connection, hope and action needed to tackle the root causes of homelessness and social injustice. We must continue to work alongside every individual in their journey out of homelessness and we must also look beyond individual transformation and demand systemic change for a fairer society.

That's why these two days are so important. Together, we can share the learning, insights and solidarity needed to help us on this journey. I encourage you to make the most of the National Assembly – to connect, to celebrate our collective achievements, and to leave with renewed determination to create lasting change in your communities and beyond.

Charlotte Talbott
Chief Executive, Emmaus UK

ADDRESS

BY SIR TERRY WAITE KCMG CBE,
PRESIDENT OF EMMAUS UK

Dear Companions, Staff and Volunteers,

It was only a short time before my father died that I heard that he had been homeless. As a young man he grew up in the Great Depression after the First World War. He left home to find work and for some considerable time had nowhere to live. When he told me this I realised that homelessness can happen to anyone at any time.

Today we still live in a troubled world where millions of people do not have adequate food or shelter. I am often asked 'What can we do to improve things?' My answer is relatively simple. 'Act positively in your area of influence'.

Emmaus UK is part of a worldwide family not only providing a home for many but also enabling them to have the skills to live a full and sustainable life.

Over the past thirty years I have seen for myself what a positive difference an Emmaus Community has made to the wider community.

May I as President of Emmaus UK warmly welcome you to this conference. During the short time together we shall have the opportunity to see how we can make an even larger contribution to making this world a better place for us all.
